

# SAFETY ONLINE

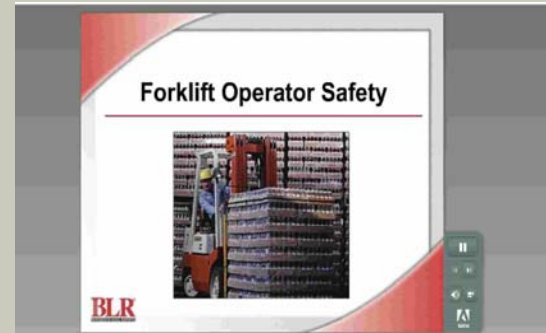

## Success through innovation

Get the results you're looking for with **Safety Online**. It's an online safety-training tool that offers instantaneous delivery of training to all of your employees online in a browser-based platform.

**Security Insurance Services** provides your company with unlimited access to the following features:

- Over 30 Courses
- Available 24/7
- Documented Training and Testing
- OSHA Compliance
- Reduced Losses
- Self-Paced Learning
- User-Friendly Navigation
- High Retention Rate
- Consistent Content Delivery
- Time Efficient

## System Requirements

Access to the Internet through either a Cable or DSL connection is required.

Please contact Tony Prospero (262) 797-6284 or Bob Pritchard (262) 797-6292 for additional information or if you require setup assistance.

We provide access to this service at no cost to our clients, and we're confident that you'll find Safety Online to be a useful component to your safety efforts
